The New Harmony Fire Charity Mud Run is a cross country running race run as a five person team or individual. Throughout the mud run course there will be military style obstacles to negotiate, including barrier walls, culvert pipes, tires and of course Mud pits. There will be three different course lengths available, a 10 km and 5 km mud run course along with a 1.5 km under 12 youth mud run. Participants will be met with breathtaking vistas of the adjacent Kolob Canyons of Zion National park as the course will top out at just over 5,000 feet elevation on the volcanic rock of the Black Ridge of New Harmony valley. The mud run course will drop back down into the water course of Ash Creek and proceed upstream finally finishing on the blacktop of old highway 91.

This is our second annual mud run and should draw up to 500 participants. This is a great opportunity to come along side the fire department of New Harmony valley and assist us in sponsoring this exciting event. Please also consider helping us promote our event by spreading the word to family, friends and your employees. Thank you for your time and consideration with our request for support.

Respectfully yours

Andrew Osborn

President HVVFA
